ENVIRONMENTAL STEWARDSHIP

Mock Diplomas and the Commencement Program Booklet
Commencement mock diplomas, which are presented to degree candidates at their commencement ceremonies, are 30% post-consumer recycled content. The Commencement program booklet is 100% post-consumer recycled content.

Caps and Gowns
Graduating seniors' caps and gowns and master's degrees' caps and gowns are made of post-consumer recycled content; each cap and gown is made of a minimum of 23 plastic bottles.

Recycle Your Cap and Gown
Once all of your favorite photos are taken on campus, please recycle your gown at the MSU Union Spartan Spirit Shop.

For additional information about environmental stewardship at MSU, please visit Be Spartan Green at bespartangreen.msu.edu

MISSION STATEMENT

Michigan State University, a member of the Association of American Universities and one of the top 100 research universities in the world, was founded in 1855. We are an inclusive, academic community known for our traditionally strong academic disciplines and professional programs, and our liberal arts foundation. Our cross and interdisciplinary enterprises connect the sciences, humanities, and professions in practical, sustainable, and innovative ways to address society's rapidly changing needs.

As a public, research-intensive, land-grant university funded in part by the state of Michigan, our mission is to advance knowledge and transform lives by:

- providing outstanding undergraduate, graduate, and professional education to promising, qualified students in order to prepare them to contribute fully to society as globally engaged citizen leaders
- conducting research of the highest caliber that seeks to answer questions and create solutions to expand human understanding and make a positive difference, both locally and globally
- advancing outreach, engagement, and economic development activities that are innovative, research-driven, and lead to a better quality of life for individuals and communities, at home and around the world.

May 2018

From the Interim President

CONGRATULATORY LETTER

DEAR FELLOW SPARTAN:

You have worked hard. You have earned a degree from one of the top 100 research universities in the world. And now, with your graduating class, you are ready to contribute to society as a globally engaged citizen leader. I join with your family, professors, and community in offering heartfelt congratulations. To paraphrase an old song, "You've done us proud to come so far!"

You are part of the Spartan family. You recognized the many good reasons to come to Michigan State: the great diversity of talented classmates, caring faculty, world-class programs, global connections, Big Ten athletics, and countless opportunities for enrichment. You no doubt also made this investment in your future because of our Spartan tradition of excellence—a tradition that is in our very DNA.

By joining our Spartan family, you became part of a tradition whose roots reach down to the founding of the nation. The American commitment to a quality education goes back to the Northwest Ordinance of 1787, whose "section sixteen schools" guaranteed that the

dissemination of knowledge would be one of our nation's highest priorities. Within a few decades, the founders' commitment to an educated public inspired the creation of the land-grant college. Michigan State, established in 1855, was a pioneer land-grant college. We served as a prototype and beacon for the Civil War Congress when, in 1862, it passed the Morrill Act to establish more such colleges across the union.

So when you joined our Spartan family, you linked to one of the world's most empowering ideas: the land-grant university. You can forever be proud of Michigan State's role in pioneering that idea. With the seal on your diploma, you carry that great tradition forward. So be bold. Continue your transformation from learners to leaders. Show the world what we Spartans can do!

Very respectfully yours,

John Engler
Interim President
Michigan State University

May 2018

From the Provost and Executive Vice President for Academic Affairs

CONGRATULATORY LETTER

DEAR GRADUATES:

Congratulations to you and your families!

As a student of Michigan State University, you have been a member of our vibrant Spartan community, united by the common interests we share as scholars. I hope that even after earning your degree, you will always remain a member of our community—hungry to learn, to seek new knowledge, and to then share and apply that knowledge for the betterment of others by contributing to a more just and sustainable world, for the generations of Spartans who will follow you.

It gives me great pleasure to serve here at a time when MSU continues to create new opportunities on campus, in the state of Michigan, and around the world. With our students and faculty, we are achieving new levels of excellence and discovering solutions to some of the world's grand challenges. Our students are eager to engage in opportunities to expand their knowledge and perspectives, and to grow as individuals and global citizens.

As you may or may not know, I earned my degrees at Michigan State University. That

education has served me well, and I am confident it will serve each of you well as you take on the many challenges and opportunities that await you.

As you and your families celebrate your accomplishments at Michigan State University, we join you in that celebration and wish you all the best in your professional and personal pursuits, and in your future endeavors as Spartans. May the relationships you forged here with your professors and fellow students continue to inspire you, and may the knowledge you acquired here as a student guide you as you embark on your next undertaking as Michigan State University alumnus.

Sincerely,

June Pierce Youatt Ph.D.
Provost and Executive Vice President
for Academic Affairs

MICHIGAN STATE UNIVERSITY

Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to advancing knowledge and transforming lives across the state, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 545 buildings. Today, nearly 20,000 acres are used throughout Michigan for agricultural and natural resources research and for education.

MSU has more than 50,000 students from all 83 counties in Michigan, all 50 states, and more than 130 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and graduate professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study.

Research and other grants total nearly \$600 million in 2014-15. The top federal funding agencies include the U.S. Department of Energy (DOE), the National Science Foundation, the U.S. Department of Health and Human Services, U.S. Agency for International Development, the U.S. Department of Agriculture, the U.S. Department of Education, and the U.S. Department of Defense. Other externally funded research programs include the MSU-U.S. DOE, Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy and Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the

U.S.-China Center for Research on Educational Excellence, the Center for Advanced Study of International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. DOE selected MSU to design and establish the Facility for Rare Isotope Beams (FRIB). The proposed \$730 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch encompasses the research of more than 300 scientists in a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in education abroad among U.S. public universities with more than 275 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in education abroad each year.

Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation).

CEREMONY LYRICS

THE STAR SPANGLED BANNER

O, say, can you see
by the dawn's early light,
What so proudly we hailed
at the twilight's last gleaming,
Whose broad stripes and bright stars,
through the perilous fight,
O'er the ramparts we watched,
were so gallantly streaming?
And the rockets' red glare,
the bombs bursting in air,
Gave proof through the night
that our flag was still there.
O, say, does that
star-spangled banner yet wave,
O'er the land of the free,
and the home of the brave.

AMERICA THE BEAUTIFUL

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

ALMA MATER*

M.S.U., We love thy shadows,
when twilight silence falls,
Flushing deep and softly paling,
o'er ivy-covered halls.
Beneath the pines we'll gather,
to give our faith so true,
Sing our love for Alma Mater,
and thy praises, M.S.U.

When from these scenes we wander,
and twilight shadows fade,
Our mem'ry still will linger,
where light and shadows played;
In the evening oft we'll gather,
and pledge our faith anew,
Sing our love for Alma Mater,
and thy praises, MSU.

MSU FIGHT SONG**

On the banks of the Red Cedar,
is a school that's known to all;
Its specialty is winning,
and those Spartans play good ball;
Spartan teams are never beaten,
all through the game they fight;
Fight for the only colors,
Green and White.
Go right thru' for MSU,
watch the points keep growing.
Spartan teams are bound to win,
they're fighting with a vim.
RAH! RAH! RAH!
See their team is weakening,
we're going to win this game.
Fight! Fight! Rah! Team, Fight!
Victory for MSU.

*The lyrics of *Alma Mater* were written by Bernard Traynor (MSC Athletic Department, 1925-1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSU Shadows* was finally adopted as the official *Alma Mater*.

**Lyrics by Francis Irvin Lankey (MSU Engineering, 1916).

UNIVERSITY MACE

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders' Day celebration and inauguration of MSU's twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace was designed by University Relations and produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries at commencement, inaugural, and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial depicts the circular University seal, which includes an image of "Old College Hall." This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State's beginnings as the first land-grant college dedicated to teaching "agriculture and the mechanic arts" with a "liberal and practical curriculum."

The mace's crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the "Michigan State College" limestone relief at the Abbot Road and other campus entrances. An image of Beaumont Tower lies in the crown's oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be "Beaumont oak," that is, from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts in 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928-1941) stated at the tower's dedication, it has served as "a unifying factor" to remind us, even through our individual activities, of the overall mission of Michigan State University to inspire us by "appealing to many of the better things in us" and to encourage us to "live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs."

ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials "HC." Candidates graduating "With Honor" or "With High Honor" wear a gold braid.

HONORARY DEGREES

Alumnus Eli Broad, for whom MSU's Eli Broad College of Business is named, is a renowned business leader who built two Fortune 500 companies from the ground up. Not only is he a successful entrepreneur, but Mr. Broad and his wife, Edythe, are engaged in many important philanthropic endeavors. In fall 2002, Michigan State University proudly awarded Mr. Broad an honorary doctorate of humanities.

Eli Broad and his wife, Edythe, with a total gift of \$28 million, have made contemporary art available to the entire Michigan State University community and those who visit us from around the globe. The Eli and Edythe Broad Art Museum officially opened November 10, 2012. The world-class art museum is designed by Pritzker Prize-winning architect Zaha Hadid. For information about the facility, exhibitions, and programs, please visit broadmuseum.msu.edu.

We tell our graduates to "Come Home Often." We hope that you, and your family, will come home often and include a visit to the Eli and Edythe Broad Art Museum.

Photo above: Eli and Edythe Broad Art Museum.

HONORARY DEGREE CITATIONS

AKINWUMI ADESINA

You are a visionary leader who has transformed the rural economy of Africa. Early on, you recognized the role of agriculture as an engine of inclusive growth, leading to rural employment, wealth creation, and diversification of the economy.

As a distinguished agricultural economist and development expert with more than 30 years of international experience, you currently serve as president of the African Development Bank Group, fostering economic development and social progress to lift people out of poverty.

Previously, as the Minister of Agriculture in Nigeria, you were a bold reformer, ending corruption in the fertilizer sector by creating an electronic wallet system using mobile phones that is now being modeled in other African countries and around the world.

You led one of the largest global efforts to leverage domestic bank financing for

the agricultural sector, attracting billions in investment dollars and establishing new financing initiatives and incentives to support youth engagement and sustainable practices.

You have held several high-profile roles, including vice president of the Alliance for a Green Revolution in Africa, associate director at the Rockefeller Foundation, principal economist for the International Institute of Tropical Agriculture, and President of the African Association of Agricultural Economists.

Your work is globally respected and you have received numerous awards, including the World Food Prize in 2017.

For representing outstanding land grant and world grant values, and dedicating your life to helping people overcome poverty and hunger, I am pleased to award you the honorary degree of Doctor of Agriculture from Michigan State University.

BETHANY BEARDSLEE

You are one of the most influential classical singers of the twentieth century, using your considerable skill and talent to bring "new music" to post-World War II audiences.

Though you are also recognized as an exceptional soprano of standard European repertoire, the American Composers Alliance honored you with the Laurel Leaf Award for "distinguished achievement in fostering and encouraging American music." After earning your undergraduate degree in music from Michigan State College, as MSU was known then, you studied at The Juilliard School. From these beginnings, you honed your spectacular vocal technique in the interpretation of avant-garde compositions.

Your appearances with the major orchestras of the United States, from the New York Philharmonic to the Boston Symphony Orchestra, were met with critical acclaim.

While your career has focused on solo recitals and chamber music performances, your orchestral performances have been praised by some of the greatest conductors of our time, such as Eric Leinsdorf, Michael Tilson Thomas, and Gunther Schuller.

Even more significant were the monumental works that you commissioned, premiered, performed, or recorded: works by such modernist composers as Igor Stravinsky, Arnold Schoenberg, Anton Webern, Ernst Krenek, and Pierre Boulez. Your longtime collaboration with composer Milton Babbitt resulted in many highly regarded performances, most notably Babbitt's *Philomel*.

For your passionate support of the new music of your generation, as well as the extraordinary legacy you have bestowed in recordings for future generations, I am pleased to award you the honorary degree of Doctor of Fine Arts from Michigan State University.

HONORARY DEGREE CITATIONS

WANDA HERNDON

You were the first to serve as the vice president of Global Communications for Starbucks Coffee Company, creating an internationally recognized corporate communications department. Your work was instrumental in creating the Starbucks brand as we know it today.

Over your expansive professional career, you have held other senior-level positions for leading brands and Fortune 500 companies, including DuPont and Dow Chemical. In your early career, you served as a legislative assistant at the Michigan House of Representatives, overseeing communications and key events.

An entrepreneur at heart, you later began your own communications consulting firm, W Communications, where you continued to develop strategies for nationally recognized companies and foundations.

You pursue your creative passions by producing award-winning Broadway musical productions; other interests have led you

to hold ownership shares in two different professional basketball teams.

Your leadership and influence is well recognized through numerous awards and accolades, including being named one of the top 12 African-Americans in public relations and one of the "Top 100 Black Professionals in Corporate America" by Black Professionals magazine. You have also received several alumni awards from your alma mater, Michigan State University.

You are very generous with your time, talents, and gifts by supporting a number of charities, serving on boards, and speaking as a guest lecturer on many topics. In 2004, you established the Wanda J. Herndon Endowed Journalism Scholarship at MSU.

For your leadership and creativity, your entrepreneurial and philanthropic spirit, and your shining example for Spartans everywhere, I am pleased to award you the honorary degree of Doctor of Humanities from Michigan State University.

MARCIA McNUTT

You are internationally recognized as president of the National Academy of Sciences. Before serving in that capacity, you were the editor-in-chief of the Science journals.

Your academic career began at MIT, where you directed the Joint Program in Oceanography/Applied Ocean Science & Engineering. Your research in the dynamics of upper mantle lithosphere on geologic time scales has taken you to distant continents and oceans. You are a veteran of more than a dozen deep-sea expeditions. Through your work, we better understand Earth as our ever-changing home.

During your tenure at the U.S. Geological Survey, the USGS responded to a number of major disasters including earthquakes in Haiti, Chile, and Japan, as well as the Deep Horizon oil spill. You led the team of government scientists and engineers who helped to contain the spill and cap the well. For this work, you were awarded the U.S. Coast Guard's

Meritorious Service Medal.

As president and CEO of the Monterey Bay Aquarium Research Institute, you helped the institute become a leader in developing sensors for remote ocean deployment, installed the first deep-sea cabled observatory in U.S. waters, and advanced the integration of artificial intelligence in underwater vehicles.

Later you were responsible for operating the International Ocean Discovery Program's vessel JOIDES Resolution and for leading the associated research programs.

Your work and leadership has garnered a number of prestigious awards including the Maurice Ewing Medal in 2007 for your contributions to deep sea exploration.

For your adventurous spirit, dedication to research, and promotion of science for the greater good, I am pleased to award you the honorary degree of Doctor of Science from Michigan State University.

HONORARY DEGREE CITATIONS

ALBIE SACHS

You are a human rights activist, a revered judge, and a globally respected author and legal scholar.

At only age 17, as a second-year law student, you took part in the Defiance of Unjust Laws Campaign in South Africa. The 1952 campaign was the first large-scale, multi-racial political mobilization against apartheid laws under a common leadership. In 1955, you participated in the Congress of the People at Kliptown, where the Freedom Charter was adopted.

You subsequently worked to defend people charged under racist statutes and repressive security laws, though you were later banned from such practices and were imprisoned without charges on two different occasions. You then fled South Africa and lived in exile for 11 years, studying and teaching law in England.

You later worked as a law professor and researcher in Mozambique until you became

the victim of a car bombing, losing an arm and the sight of one eye. Following your recovery, you returned home and dedicated yourself to negotiating a constitutional democracy for South Africa.

After the first democratic elections in 1994, you were appointed by President Nelson Mandela to the newly established Constitutional Court. While serving as a justice, you adjudicated the landmark case *Prinsloo v Van der Linde*, which established the connection between the right to equality and dignity. Your cases and opinions have led *The Guardian* to refer to you as "arguably the world's most famous judge."

For your dedication to the law as a tool for equality and your unwavering dedication to human rights, I am pleased to award you the honorary degree of Doctor of Laws from Michigan State University.

BACCALAUREATE DEGREES

- 25 undergraduate programs ranked in the top 20 nationally by U.S. News & World Report, including six No. 1-ranked programs
- Times Higher Education of London today ranked MSU #83 in its 2017 World University Rankings, an 18-place improvement over 2016. This puts MSU in the top 8 percent of 1,102 universities assessed around the world.
- Places 38th among the 303 U.S. universities ranked in Washington Monthly's 2017 College Guide and Rankings
- Ranks seventh in the nation for study abroad participation

Photo above: "Spartan" standing proud while spring blossoms.

BACCALAUREATE DEGREES

HONORS

The University acknowledges candidates for the bachelor's degree who will graduate as Academic Scholars (A), from the Honors College (H), With Honor (*), or With High Honor (**). Academic Scholars completed a two-year honors program including at least four honors-caliber courses. Honors College graduates are academically talented students who have participated in rigorous, highly individualized programs of study, including at least eight honors-caliber courses.

Graduation Honors: the current minimum grade point average for seniors graduating With Honor is 3.73 and those graduating With High Honor is 3.91 (which is approximately 20 percent of graduating seniors who have earned the highest grade point averages). Recognition of graduation honors in the commencement program is based on the grade point average of all work at MSU completed prior to the opening of the semester of graduation. To be eligible for graduation honors, transfer students must earn a minimum of 50 semester credits at MSU.

College of Engineering
Leo C. Kempel, Dean

BACCALAUREATE DEGREES

ORDER OF CEREMONIES

Processional

The MSU Symphony Band
Branden Steinmetz, Conductor

The Star Spangled Banner (Lyrics, page 9)

Composed by Francis Scott Key
Led by Drew Laske, Senior, Applied Engineering Sciences
The MSU Symphony Band and Audience

Welcome

Leo C. Kempel, Dean
College of Engineering

Senior Class Address

Kelly Patterson, Mechanical Engineering

2018 Claud R. Erickson Distinguished Alumnus Award

Jianchang Mao
Computer Science, Ph.D., 1994

Special Recognition

Distinguished Alumni Awards
Faculty Excellence in Teaching, Research, Public Service,
and Student Service
Outstanding Student Awards

Musical Interlude

Fantasy on MSU Songs
Composed by James Curnow
The MSU Symphony Band, Branden Steinmetz, Conductor

Conferring of Degrees

Leo C. Kempel, Dean
College of Engineering

Recognition of Graduates

Dean and Department Chairpersons

Alma Mater (Lyrics, page 9)

Led by Gary L. Cloud, University Distinguished Professor Emeritus,
Mechanical Engineering
The MSU Symphony Band and Audience

Closing Remarks

Leo C. Kempel, Dean
College of Engineering

Recessional

The MSU Symphony Band
Branden Steinmetz, Conductor

The audience is requested to remain seated during the processional and recessional.

Leo C. Kempel, Dean

These students have completed their Reserve Officers Training Corps education at Michigan State University and have received their commissions as reserve officers of the United States Air Force or the United States Army.

S Summer Session + Distinguished Military Student ++ Distinguished Military Graduate and Active Duty Top 10% in Nation
Cadet is graduating Spring 2018, but not commissioning until after their training is complete this Summer

GRADUATE DEGREES AND GRADUATE PROFESSIONAL DEGREES

- Notable discoveries include homogenization of milk and the anticancer drug cisplatin
- *U.S. News & World Report* ranks MSU first in the nation for the last 22 years for graduate programs in elementary and secondary education
- External funding totaled nearly \$600 million in 2014–2015. The top federal funding agencies: National Science Foundation, U.S. Department of Health and Human Services, U.S. Department of Energy, and U.S. Department of Agriculture
- *U.S. News & World Report* ranks MSU first in the nation for graduate programs in nuclear physics, organizational psychology, and rehabilitation counseling
- MSU was selected by the U.S. Department of Energy to design and establish the Facility for Rare Isotope Beams, a more than \$700 million facility that will advance understanding of rare nuclear isotopes and the evolution of the cosmos and provide research opportunities for scientists and students from around the globe

Photo above: Russell Thayer, *Windrapiers II*, steel, 2008. South entrance to the Biomedical Physical Sciences Building.

ADVANCED DEGREES

ORDER OF CEREMONIES

Presiding

John Engler, Interim President
Michigan State University

Processional

The MSU Wind Symphony
Kevin L. Sedatole, Conductor

The Star Spangled Banner (Lyrics, page 9)

Composed by Francis Scott Key
Led by Anna Montgomery, Master's degree student
Music Performance, College of Music
The MSU Wind Symphony and Audience

Moment of Silence

Presentation of Honorary Degree Candidates

Stephen D. H. Hsu, Vice President for Research
and Graduate Studies

Address

Marcia McNutt
President
National Academy of Sciences
Washington, D.C.

Special Music

Esprit de Corps
Composed by Rogert Jager
The MSU Wind Symphony, Kevin L. Sedatole, Conductor

Remarks

The Honorable Brian Breslin, Chairperson
The MSU Board of Trustees

Conferring of Degrees

John Engler, Interim President

Alma Mater (Lyrics, page 9)

The MSU Wind Symphony, Ms. Montgomery, and Audience

Recessional

The MSU Wind Symphony
Kevin L. Sedatole, Conductor

Professor Laura McCabe, Chairperson, The Steering Committee, MSU Academic Governance, is the academic mace bearer.

The audience is requested to remain seated while those in the processional are entering and leaving the arena.

Thomas D. Jeitschko, Associate Provost

“Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever.”

John A. Hannah (1902–1991)
President, Michigan State University (1941–1969)

WE CONGRATULATE OUR GRADUATES. COME HOME OFTEN.
