This compilation features four UK/US Top 20 hits, their Top 5 LP Animalisms, and as a bonus, four tracks from a rare, limited edition EP recorded in late 1963.

\* After joining The Yardbirds in 1965, Jeff Beck carved out a huge reputation for his guitar pyrotechnics, notably his use of feedback and distortion. This is the first compilation of his 60s sessions, kicking off with a trio of rarities from Screaming Lord Sutch, The Fitz & Startz and The Nightshift. Both The Yardbirds and, of course, The Jeff Beck Group are well-represented, alongside later sessions Jeff either played or produced for John's Children, Paul Jones, The Smoke, Donovan, and perhaps the most infamous groupies of all time, Frank Zappa's outrageous GTOs.

• (2003/REVOLA) 20 tracks Mark Eric Malmborg (along with arranger and ex-Animal Vic Briggs) constructed this beautiful album, a unique of Four Freshmen/Beach Boys sensibilities coupled with wistful melancholia. Defiantly soft, A Midsummer's Day Dream caught the tail end of LA's '60 pop perfectly, just as it slipped into infinity. Rev-Ola is proud to present this overlooked album on CD for the first time ever. Includes rare photos and in-depth liner notes by Steve Stanley.

\* (2003/Rev-Ola) 20 tracks Few sixties L.A. studio aggregations

are as deserving of a retrospective anthology as The Love

Generation. Their brief but prolific output - three LPs and six

singles of less than eighteen months - puts the current crop of

slacker pop artists to shame. Hear for yourself why Elvis Presley,

Quincy Jones, The Jackson Five, Cher, Bobby Sherman, The

Monkees, The Union Gap and The Partridge Family all decided

to call upon band leaders John and Tom Bahler to create the

vocal backgrounds for some of their greatest work. The Love

Generation went on to record some of the most ambitious soft

pop soundscapes ever, crowned by their visionary 1968 hit

rendition of Jimmy Webb's 'Montage From 'How Sweet It Is.

Rev-Ola is proud to present this overlooked material on CD.

Includes rare photos and extensive liner notes by Steve Stanley.

WITHOUT EARTH / THE MOON CD REV 09 € 17.90

\* (2003/Rev-Ola) 28 tracks What do you get when you combine a Beach Boy, an Arrow (of the Davie Allan calibre) and garage rock legend Matthew Moore: One of the most unjustly overlooked studio aggregations of the 1960's. Presented here for the first time on CD is the entire recorded output of The Moon on Imperial Records - two brilliant albums of lost Beatlesque pop-psych. Also included are three pre-Moon Matthew Moore tracks, plus never-before-seen photos and in-depth liner notes. When Without Earth and The Moon were released 1968 respectively, Imperial did everything they could to keep these vinyl treasures a secret between them and their distributor. Thankfully, over thirty years later, we can all now take our protein pills, put our helmets on and venture to... THE MOON!

• Ever had the urge to do the Duck, the Hanky Panky or even the Shag? Maybe the Watusi or the Stroll? Now's your chance, as Ace brings you 30 classic dances from the golden age of pop, from 1957 to 1966. A major feature is Bob & Earl's Harlem Shuffle. Previously only available as an appallingly murky, distorted version, Ace is proud to present it in its pristine, crystal-clear state for the first time anywhere. This track alone is worth the price of the CD. Featuring a stunning 16 page full color booklet!

 • The brainchild of producer Bill Wellings (following his successful  
 sixties Top Six EP label), the Hot Hits series hit the album charts  
 in 1971 and sold hundreds of thousands of copies before the  
 series ended in 1973. Elton John, Tina Charles, Big Jim  
 Sullivan, Larry Adler (and allegedly David Bowie) all lent their  
 talents as hired session musicians and singers. Now much  
 collected for their sporty themed girlie sleeves, the story of the  
 deadline busting attempts to keep one step ahead of the charts  
 is told inside - while all 20 original Hot Hits covers are  
 beautifully displayed as a fold-out poster for your delectation.

• The most famous group that appeared upon Etiquette was the Sonics, who are now more popular and influential than ever. This compilation is worth its weight in gold - it presents unissued alternative version of several Sonics' classics, including 'The Witch' (different guitar), 'Psycho' (extended with extra screams) and true stereo of cuts including 'The Hustler' and 'Shot Down', all mastered for the first time from the first generation master tapes. There's a lengthy, fact-filled label history in the notes, plus the usual heap of pix and memorabilia.

\* Dedicated To You is a very special solo project for Big Sandy and his Fly-Rite Boys. While the Fly-Rite Boys were off recording their recent instrumental CD, Big Sandy went into the studio and recorded this tribute to Southern California lowrider oldies: 15 classic Los Angeles area oldies from the late 1950s and early 1960s, plus "Baby, Baby Me", a song he wrote especially for this album. The album includes a duet with Dewey Terry "I'm Leavin' It All Up To You" the first time Dewey has recorded the song since the original hit 42 years ago! Big Sandy also unearthed the local doo-wop group, The Calvanes, to back him on the album. The Calvanes recorded for the legendary Dootone label in Los Angeles in 1955 and sound as good as ever. Featuring Carl Sonny Leyland on Piano and Red Hot Russell Scott on Bass

\* Der Swing Boom flachte ab und es wurde still um THE CAMAROS, doch Jen Jones plante nur sorgfältig Ihr nächsten Coup. Zusammen mit der Grundbesetzung der Band (Schlagzeuger, Stand-Basser und Gitarre) zog die Band nach Nashville. Dort kreierte sie den neuen Sound den die Band prägen sollte. Klassischen Rockabilly mit Country Einschlag, swingenden Elementen und ein rotziges Punk Rock Attitude. Immer getragen von der unglaublichen Stimme des "Dangergirls" (wie sie sich selbst gerne bezeichnet) Jen Jones itseif! Natürlich lag es dann nahe solch grandiose Songs an einen legendären Ort aufzunehmen. Und so nahm man in den heiligen Hallen des Rockabilly, den Sun-Studios in Memphis, das Album "Right Now I Hate You" auf! Der Band ist es mit diesem Album gelungen, Rockabilly ins neue Millenium zu bringen und nicht nur für eine eingefeilschte Fangemeinde interessant zu machen. Denn nicht umsonst findet man auf Ihren Konzerten neben dem Rockabilly, den Country Fan, den rockin' Greaser, den Punk Rocker, jeden der etwas für frische handgemachte Musik übrig hat!

• This album is one of the hottest jump blues records since the 50's. It takes the style of such greats as Roy Brown & Wynnonnie Harris, and blends it with Nick's own Texas style. An array of great players are included on this album including Matt Farrell, Jimm Trimmier, Murph Moylecka, Eric Przygocki & Lisa Pankratz. Curran gives you a taste of his great songwriting ability and really shows you what great blues should be! Greasy Jump Blues der klingt als wäre er 1954 für King oder ähnlich geniale Label eingespielt - ein Muss!

Between the raw rock'n'roll of Mule Train Stomp to the delicacy of My Baby is Sweeter you will hear Roy at his best in many different settings. As

always, Roy's music was conceived in his soul and flowed through that old black Telecaster to send shivers down your spine or get your feet tapping.

\*Homer von Homer & Jethro erzählte Chet Atkins über Boots Randolph und Chet nahm ihn unter Vertrag. Ein Saxophon-Spieler hatte in Nashville nie genug zu tun aber Boots kam in die Stadt und begann, für RCA Victor aufzunehmen. Einer der Titel, die er aufnahm, war die Original Version seines Markenzeichens, Yakety Sax. Diese Cd enthält alle seiner RCA Aufnahmen aus den spätern Fünfzigern und frühen Sechzigern wie Big Daddy, Percolator, Hey Elvis, Red Light, Sleep Walk, So Rare und Bongo Band. Homer von Homer & Jethro told Chet Atkins about Boots Randolph, and Chet signed him. A saxophone player never quite had enough to do in Nashville, but Boots came to town and began recording for RCA Victor. One of the titles he cut was the original version of his signature hit, Yakety Sax. This set includes all of his late Fifties and early Sixties RCA recordings, such as Big Daddy, Percolator, Hey Elvis, Red Light, Sleep Walk, So Rare and Bongo Band.

WITH THE DUKE AND BEYOND - I GOT IT GOOD...	CD JAS 2560	€ 15.34
---	-------------	---------

• Best known as Duke Ellington's finest vocalist, this new Jasmine CD is an overview of Ivie Anderson's career, literally with the Duke and beyond. Sadly, there was not much 'beyond' because Ivie died tragically young in 1949, seven years after ill-health forced her to leave Ellington. Featured here are 14 classic tracks recorded with the Duke, ten in the after-period. This set finds Ivie succeeding in all categories as a fine singer and fully deserving individual attention.

\* Jasmine is proud to issue a CD by one of America's all-time greatest singing stars, Perry Como. Featured here are performances from the 1950s never released before, including versions of many of Perry's biggest hits like Round And Round and Don't Let The Stars Get In Your Eyes. Another hit, Juke Box Baby, which opens the CD shows that Perry could Rock 'n' Roll with the best - a real stomper! Aply supported on some tracks by Dinah Shore, plus a guest appearance by the young Brenda Lee, this 20 track CD gives over an hour's worth of listening pleasure.

• (2003/PROPER) 100 tracks 1934-1946 During The 1930s and 1940s the Hoosier Hot Shots developed a style of musical comedy that was uniquely their own. Their music has been described as rural jazz, but it was more than that as their style took in elements of ragtime, dixieland, western swing and a serious helping of comedy and novelty. This box set resents the most in-depth survey ever of the Hoosier Hot Shots, 100 tracks of music that is never less than lively.

• *POLYDOR - ein Name ist Legende. Seit den 'Golden Zwanzigern' drehen sich Schellacks, später Vinyl und Compact Discs unter dieser Weltmarke, anfangs mit verschiedenfarbigen Labels, seit Beginn der 50er Jahre mit dem unverwechselbaren Orange-Label und den kleinen Sternchen oder mit dem seit 1963 eingeführten Polydor-Rot. Acht Jahrzehnte im Dienst der Musik. Das Hamburger Qualitätslabel mit Kreativ-Garantie hat dabei alle Moden und Strömungen, alle Trends und Stilrichtungen bedient: von Vorkriegs-Gassenhauern über den Sound der grossen Tanzorchester bis zum deutschen Schlager, den Polydor-Produkte entscheidend geprägt haben; von Rock 'n' Roll und Beat über die Songs der Liedermacher bis hin zum aktuellen Pop-Spektrum mit all seinen vielfältigen inhaltlichen Nuancen - alles hat seinen Platz gefunden. Unzählige Hits wurden im Laufe der Dekaden veröffentlicht. Superstars in spe machten auf Polydor ihre ersten musikalischen Gehversuche, viele Interpreten blieben Eintagsfliegen, wieder andere sorgten lange Jahre für grundsätzliche Beispiele ihres Könnens - und präsentieren es off noch heute. Polydor, der Name steht für nationale Grössen wie Peter Kraus, Freddy Quinn und Peter Alexander, er steht genauso für ein internationales Künstler-Aufgebot mit Abba, Batales, Bee Gees, Caterina Valente und zahlreichen anderen. Dementsprechend gross ist die inhaltliche Bandbreite auf dieser ebenso attraktiven wie spektakulären 8-CD-Box plus 1 DVD: mit Chart-Erfolgen und Kuriositäten, mit gesuchten Raritäten und Melodien, die auch diverse Jahre nach ihrer Erstveröffentlichung für den guten Ton sorgen - für eine SINFONIE DER STERNE. DVD = PAL*

• Das Deutsche Jazz Festival in Frankfurt/Main ist das älteste noch existierende Jazz Festival - älter sogar als Newport. Obwohl es 1951 begann, fand das erste "offizielle" Festival erst 1953 statt. Telefonken hat es in jenem Jahr aufgenommen und einen Teil davon auf einer 10' LP veröffentlicht. Eine deutsche All Star Band war versammelt mit

Hans (James) Last am Bass und Pianist Paul Kuhn. Max Greger, der 30 Jahre lang eine Big Band leitete, ist dabei, ebenso wie Günther Fulisch (Trombone, der 25 Jahre lang das NDR Tanzorchester in Hamburg leitete. Saxophonist Delle Hänsch wurde später ein erfolgreicher Schallplatten Produzent. Andere Musiker der Session sind Fred Bunge an der Trompete, Franz von Klencn am Alto-Saxophon, Gerd Hühns an der Gitarre und Teddy Paris an den Drums. Unter den Songs sind Standards (Talk Of The Town, The Man I Love, etc) und zwei Originale. Der Set wird abgerundet mit einer Studio-Aufnahme. Ein seltenes und aufregendes Dokument von deutschem Jazz. The German Jazz Festival in Frankfurt/Main is the oldest jazz festival still running—older even than Newport. Although it started in 1951, the first "official" festival was in 1953 and Telefonken recorded it that year and issued some of the concert on a 10' LP. An all-star German band was assembled, including Hans (James) Last on bass and pianist Paul Kuhn. Max Greger, who led a big band for 30 years, is here, as is trombonist Günther Fulisch who led the NDR dance band in Hamburg for 25 years. Saxophonist Delle Haensch later became a successful record producer. Others on the sessions include Fred Bunge on trumpet, Franz von Klencn on alto sax, Gerd Hühns on guitar, and Teddy Paris on drums. The songs include standards (Talk Of The Town, The Man I Love, etc.) and two originals. The set is rounded out with a studio recording. A rare and exciting document of German jazz.

\* Little Willie Jackson was a founding member of Joe Liggins' Honeydrippers who carried on the band name to cut these sides for Modern. Jackson played an array of horns in this kickin' small combo blues that predates the jump style. This earlier Vaudeville Blues and Jazz style and will be of interest to early jazz fans. They also played in the hipper 'boogie' style and they are still swinging to that to this day. This is the first ever release for Jackson's Modern recordings. He recorded with Johnny Otis, Pee Wee Crayton on Big Joe Turner, among others, but this is his first time in the spotlight. All six issued 78s are included along with eight previously unissued songs and four alternate takes.

• Mit "Moondog and his Honking Geese" liegen jetzt die wohl seltensten und dem Jazz nahe stehensten Aufnahmen erstmals als CD vor. Ursprünglich Anfang der 50er Jahre aufgenommen und von Moondog, in einer Auflage von gerade einmal 100 Kopien, auf den Strassen New Yorks verkauft, handelt es sich bei der vorliegenden CD um eine auf 500 Stück limitierte Fan-Edition. Angetrieben von Moondog an der Percussion und vom heute noch in Manhattan aktiven Drummer Sam Ulano stürmen je 2 Bariton- und Alt-Sax, deren Spieler leider nicht bekannt sind, ungestüm durch vier frühe Kompositionen des 1999 verstorbenen, ungekrönten König des Kontrapunktes.

• (2003/PROPER) 99 tracks Art Tatum was the most technically  
accomplished jazz musician ever. His technical abilities,  
lightness of touch and control of the full range of the instrument  
have never been topped by any other popular pianist. He was a  
piano grand master, whose influence on later jazz musicians  
from Bud Powell and Charlie Parker o Herbie Hancock was  
enormous.

• The timely reissue of these, Stan Tracey's first two albums as a  
leader in his own right, restores to splendour two key pieces of  
the jigsaw puzzle that is the patchily documented British Modern  
Jazz scene of the 1950s. It also serves as a reminder of the long  
road which Stan Tracey has travelled in order to reach his  
current position of venerated elder statesman of the music. The  
original Vogue LPs, Showcase and Little Klunk, have achieved  
legendary, even mythic, status, Little Klunk especially. 16 page

ACID JAZZ - THE STORY OF  
2-CD CD METR 507 € 19.90

• THE STORY OF ACID JAZZ The underground London club  
scene of the mild 1980's was dominated by the sound of 'rare  
groove', a DJ term created to describe hard to find jazz-funk  
music from the '70s. However by the Summer of 1988 a new  
sound began to infiltrate the clubs in the form of tripped-out  
Acid house, and suddenly down tempo dance music found it  
had nowhere to go. Those who didn't succumb to house music's  
4/4 tyranny were left with few options - but one did spring up:  
Acid Jazz... Includes: unique 8-page history of the Acid Jazz  
label, scene and featured artists.
