Return With Us Now to
Those Thrilling Days of Yesteryear!

A 92nd message to friends and customers of Radiola Records, Sandy Hook Records, and Radio Yesteryear:

Every now and then, I look at all the new products I've invented in the last year or two and say to myself, "Self! Don't forget your roots!" In the beginning, there was Radiola, then there was Sandy Hook, and then I begat lots more. But this catalogue is to remind me (and you too I hope), that Radiola Records go back to 1970 and Sandy Hook Records go back to 1978. How many of you remember that for the first three years, I refused to sell my records in stores? Do any of you still have our records when I would only press 1000 limited edition copies of each title? (Boy, was I nuts!) And what ever happened to those picture discs? Ah the good old days! They're still with us...just thumb through my latest catalogue! Radio lives! Thanks for listening...until next time-

Sincerely,

Michael Rophone
